

This has been changed from the previous view to bring you the service fee on the availability page, and will be visible on the cost breakdown.

The option to search Including Tax & Fees is selected as default

You can now toggle on the availability to see the fares only, and the fares plus taxes and fees (only available if searched with includes taxes & fees selected)

The screenshot displays the flight availability interface. At the top, it shows 'Total Recommendations: 4' and 'Total Itineraries: 36'. A 'Filters' sidebar on the left includes 'Expand All', 'Reset All', and 'Ticketing Deadline' (MIN: 2 Aug 2020, MAX: 2 Aug 2020). The modal also shows a 'Select' button and a 'Ticketing Deadline: 2 August 2020'.
